

All Antique Bronze and Burnished Patinas are handmade and will have natural tonal variation

These colours are for guidance only. Please request colour samples if required

Colour	Colour Name	Description	 <p>THE HOLBEIN COMPANY GUIDE TO METAL FINISHES</p> <p><i>ALWAYS USE THESE REFERENCES WHEN PLACING AN ORDER</i></p>
	Polished Brass	Shiny & reflective new look brass.	
	Polished & Lacquered Brass	Shiny & reflective new look brass with a glossy clear lacquer.	
	Satin Brass	Soft brushed finish with protective clear lacquer.	
	Natural Brass	Newish looking brass that has a variable slightly polished "clean" appearance with some shade variation.	
	Dull Brass	Light naturally aged look with yellow/green/brown tones. Some colour variations across components. Finished with wax.	
	Antique Brass	Aged look rubbed back gently from dark tones, leaving darker corners and recesses with lighter high points and some brush markings. Finished with wax.	
	Pale Bronze	Mid brown with pink and copper tones. A fairly even colour with some darker areas in recesses and towards the end of poles. Finished with wax.	
	Deep Bronze	Dark brown bronze, a fairly even colour with some dark copper/purple notes. Finished with wax.	
	Armoury Black	An even dark, iron grey/black. Finished with wax.	
	Gunmetal	An even shiny blue-grey/black, bright with occasional silvery and rainbow tones. Finished with clear lacquer.	
	Burnished A	Light antique, natural looking with a slight "natural" unevenness of tone. Mostly yellow to light brown but slightly darker in recesses and at ends of poles. Finished with wax.	
	Burnished B	Mid antique as above but with more pronounced light browns darkening more in the recesses. Finished with wax.	
	Burnished C	Dark antique mostly in dark brown tones with some lighter colour variations. Finished with wax.	
	Burnished D	Very dark antique mostly "chocolatey" brown bronze tones with some grey tones and natural looking variations. Finished with wax.	
	Burnished E	Almost black - brown/grey very aged bronze with some tonal variation but "as dark as possible". Finished with wax.	
	Bright Burnished A	As Burnished finishes above but the final colour has been re-polished to give the glow of a "well polished antique". The end result will be slightly lighter than the non bright version. Finished with wax.	
	Bright Burnished B		
	Bright Burnished C		
	Bright Burnished D		
	Bright Burnished E		
	Mottled Brass	An uneven and patchy antique bronze replicating neglected hardware. Patches and splash or handling marks may occur but with an overall naturally aged look. Colour will vary between dull brass, Burnished A and Burnished D. Finished with wax.	
	Polished Nickel	Shiny silvery mirror finish nickel.	
	Satin Nickel	Soft brushed lines leaving a bright warm silvery satin finish.	
	Antique Nickel	Black/blue tones with slight satin - still showing nickel below.	

* Waxed finishes can be lacquered in place of wax if requested when ordering.
